Trilogy Care and Amanah Aged Care have partnered to ensure you have access to high-quality home care services via your Support at Home funding.

Trilogy Care will focus on assisting you with self-managing your care plan while Amanah Aged Care focuses on delivering the services you need to stay at home for longer.

Who is Trilogy Care?

Trilogy Care empowers you to live independently in the home you love for longer by helping you build and self-manage your care needs. Trilogy Care is an approved Support at Home provider and is registered with My Aged Care to deliver in-home care support.

Why Trilogy Care?

One of the main reasons people choose to work with Trilogy Care to self-manage their support plan is because it gives you absolute control over who provides your care and services. You can ensure you're surrounded by the best service providers to give you the care and support you want and need.

Self-management also removes the agency 'middle-man', allowing you to reduce management fees by working directly with your care workers and support service. Fewer fees, more care hours, and better value from your funding.

What is self-management?

Self-management is a way for you to manage the service providers you use and how your Support at Home funding is spent. It gives you the flexibility to:

- Design and tailor your own care plan with a dedicated care partner
- Choose the service providers you would like to work with
- Gain more control over how your Support at Home funds are spent
- Increase your care hours with more value from the same funding

At Amanah Aged Care, we provide reliable, person-centred, culturally-sensitive aged care supports for older people who want to remain safe, connected and well supported in their own homes and communities. Our approach is built on dignity, consistency, understanding and genuine care, with practical services that support everyday living, independence, wellbeing and peace of mind for families.

The name 'Amanah' means trust, responsibility and something precious placed in our care. This meaning sits at the heart of our service. Supporting an older person is not just a task, it is a responsibility that must be carried with patience, respect, high standards and integrity. Whether we are assisting with daily routines, transport, social support, home care, nursing, allied health or wellbeing supports, our focus is to provide care that feels safe, personal and dependable.
